KIDS HUB is a not for profit
organization devoted to providing
forensic interview services and
advocacy to children who have been
victims of child abuse. KIDS HUB
works at the request of our local
DHS and law enforcement agencies
to provide a forensic interview when
an allegation of sexual or physical
abuse has been made. A forensic
interview may also be requested
if a child is witness to a violent
crime against another person.
We work with investigative agencies
to obtain as much information about
the child's experience in that one
interview to minimize the child's
trauma. We continue to stay
connected with the child and their
non-offending caregivers throughout
the duration of the case to advocate
for the child and to make sure their
needs are met. Our goal is to help
child abuse victims find their voice
to stop their abuse.
