Psychotherapy provides you an opportunity to share your thoughts and feelings with someone you trust in order to make progress and find change in your life. A large part of psychotherapy is simply the relationship you build with your therapist and how safe you feel to truly discuss important aspects of your life. The relationship should be collaborative, supportive, yet also challenging and helpful for you in order to create change and move forward with goals you have set for yourself. Please take a moment to look around the website and read more about our professional backgrounds and the group practice so that you may see whether one of our therapists might be the right fit for you. Feel free to call or email with any questions you might have or to set up a consultation appointment by phone or in person.
