<td>We are a national network of Ethiopian societies who share the goal of advancing women's rights, gender equality and women's empowerment in Ethiopia. We are currently running a campaign to End Violence Against Women. Whilst rape and violence are largely condemned, most violence goes unreported and unpunished, few cases result in trials or convictions. Sexual harassment in our schools especially secondary schools remains a significant problem. NEWA leads a coalition of partner organizations and citizens seeking to change public opinion and change the justice system to ensure justice in the court system, support in local health centres and a new approach in the local police stations.</td>

Mother and Child Development
Mother and Child Development Organization (MCDO) is a non-profit, non-governmental, non-political and non-religious indigenous organization established to improve the livelihood of women and children in the Somali Regional State of Ethiopia. We work with the regional Health Bureau to reduce the transmission and social impact of HIV/AIDS and promote public awareness through health education. We also work to bring about cultural changes regarding violence against women and their children and work to stop harmful practices that are traumatic and abusive.
