Hattiesburg	KIDS HUB is a not for profit organization devoted to providing forensic interview services and advocacy to children who have been victims of child abuse. KIDS HUB works at the request of our local DHS and law enforcement agencies to provide a forensic interview when an allegation of sexual or physical abuse has been made. A forensic interview may also be requested if a child is witness to a violent crime against another person. We work with investigative agencies to obtain as much information about the child's experience in that one interview to minimize the child's trauma. We continue to stay connected with the child and their non-offending caregivers throughout the duration of the case to advocate for the child and to make sure their needs are met. Our goal is to help child abuse victims find their voice to stop their abuse.
