Columbus

People cope with and adapt to experiences differently, and to the best of their ability. Thus, therapy must be based around what a person actually needs. I attend to how people process experiences physically, emotionally, spiritually and cognitively.

The Care House Child Advocacy Center
410 Valley Street
Dayton

The Care House Child Advocacy Ctr
Care House was established in 1998 as a result of a community task force that wanted to ensure that
abused children did not fall through the cracks of the service delivery system. Care House offers a multi-disciplinary team that facilitates a comprehensive, well-defined, coordinated process that not only increases the likelihood of a more successful investigation and prosecution, but also provides a better and less traumatic response to the child victims and their families.
