Cincinnati
S.O.A.R (Survivors of Abuse Recovery) is a 12 week program serving adults who have experienced childhood sexual abuse victimization.
Weekly groups will focus on helping recognize feelings, identify the impact of their sexual victimization on their current functioning, create new and healthy coping strategies to lessen the impact of the victimization on their day to day functioning, develop effective communication skills for healthy relationships and create strategies to avoid re-victimization.

Dayton Care House was established in 1998 as a result of a community task force that wanted to ensure that abused children did not fall through the cracks of the service delivery system. Care House offers a multi disciplinary team that facilitates a comprehensive, well defined, coordinated process that not only increases the likelihood of a more successful investigation and prosecution, but also provides a better and less traumatic response to the child victims and their families.
